### About the Conference:

Curriculum, a body of knowledge and experiences to be imported to the pupils, according to a planned program, to achieve the objectives of education. But infact in a fast-changing world the curriculum of any educational system becomes irrelevant as time passes, and unless frequent changes are made in it, it cannot continue to convince. Curriculum changes come in the make to changes in educational objectives which dictate what to teach and how to teach them. An assessment of the present curriculum of (B.Ed., M.Ed.) 2 year program from the point of view of promoting knowledge, skills, attitudes etc. is an immediate necessity. This workshop on curriculum development issues & challenges will be very fruitful for the faculty of education by knowing them about the perspectives of this course.

### Course Objects:

The objective of the Conference is to knowledge and skill provide to the participants however some important topics will be considered by the subject expert

### Participants:

The Principals and teachers of education from the affiliated college of teacher education from the state university only one person can be

nominated as participant either principal or a teacher
