About the Workshop:

Curriculum, a body of knowledge and experiences to be imported to the pupils, according to a planned program, to achieve the objectives of education. But infact in a fast-changing world the curriculum of any educational system becomes irrelevant as time passes, and unless frequent changes are made in it, it cannot continue to convince. Curriculum changes come in the make to changes in educational objectives which dictate what to teach and how to teach them. An assessment of the present curriculum of B.Ed. 2 year course from the point of view of promoting knowledge, skills, attitudes etc. is an immediate necessary. This workshop on curriculum development issues & challenges will be very fruitful for the faculty of education by knowing them about the perspectives of this course.

Course Objects:

The objective of the workshop is to knowledge and skill of educational research methodology to the participants however some important topics will be considered by the subject expert considered as under.

1. To understand various aspects of curriculum development and school.
