

Career and Counseling Cell

Jiwaji University, Gwalior

Establishing a Career and Counseling Cell in the Jiwaji University is to address the diverse socio-economic handicaps and geographic backgrounds of the heterogeneous population of students coming to the University vis-à-vis equity of access and placement opportunities through availability of appropriate institutional support information. Linguistic differences and cultural gaps among students also call for the setting up of such a dispensation for suitable guidance and support in this age of globalization and competitive placements. Availability of relevant and accessible information coupled with professional guidance to utilize the same can result into better career achievements outside the classrooms and help in their healthy progression of our students.

Information and communications facilities have been generated in the Career Counseling Cell like computer with internet facility, telephone and Fax, Projection facilities and audio public address system.

The Career and Counseling Cell offers support to our students makes them confident to perform better. The spirit of offering guidance on sharing resources, availability of opportunities and facilities, information and guidance about market patterns and employability can help the University in building a base for our students. The Career and Counseling Cell would help the students with appropriate guidance to establish linkages with the world of work and locate career opportunities and job profiles in the context of highly competitive emerging occupational patterns.

The Career and Counseling Cell will take care of vocational guidance and campus based interviews through the active liaison of the Cell with the recruiting agencies and HR personnel of reputed firms. The CCC could also undertake an affordable training programme to acquaint the students with the high demand market areas and invoke industry-institution linkages. The CCC will be a resource centre of information, guidance and counseling and exchange of information on professional placements.

Placement:

The Jiwaji University provides opportunity to the qualified students in securing jobs, training for project works that leads to secure jobs in different companies, institutions, Government and Non-government organisations. There is a big list of organisations where students of Jiwaji University have secured a place for their career. The Career Counseling Cell is in process of getting information from members of University Alumni regarding their placements as well as future placement opportunities in their fields to students of Jiwaji University who are completing their course.

In collaboration with School of Studies in Tourism and Travel Management, Jiwaji University campus placement had been organised by CCC on 25th February 2011 for Kuoni Destination Management, Gurgaon for the post of management Trainees for IV Semester Students of MBA Tourism. A three day workshop was organised during 11-13th March 2011 for University Students. More than 400 students have been participated in the workshop.

The Jiwaji University is also looking ahead for providing opportunities for career development of students by organising workshops, seminars interactive meetings, campus selection by leading firms, industries and companies. The Career and Counseling Cell is organising these programmes in collaborations with different Departments and organizations to explore the opportunities and provide basic knowledge and awareness on the Career and Placement issues to the students and Researchers in the Jiwaji University.
