

INVITATION For

8 Day's National Workshop on

"Latest trends in Research Methodology and Data Analysis"

From 23-30 June, 2015

Course Director

Prof. Ashok Kumar Sharma
Head & Dean

Organized By

S.O.S. in Life Long Education & Extension (IASE)
(Faculty of Education)
Jiwaji University, Gwalior (M.P.)

Sponsored By: - RSK, BHOPAL (M.P.)
Under centrally Sponsored Scheme of HRD
Govt. Of India

Chief Patron

Professor Sangeeta Shukla
Vice- chancellor

Patron

Professor Anand Mishra
Registrar,

Organizing Secretary

Professor Vivek Bapat

Associate Secretary

Dr. VINOD SINGH BHADORIA
Associate Professor
MPS College, Gwalior

Dr. RITA SHARMA

Asst. Professor
RBS College, Porsa Morena

Introduction:

Many Teachers ask why they need to learn about research. Answer is always in two parts: First, hopeful you will have long careers in education that will require you keep abreast of the change and improvements in the field. Second, teacher and other educational professionals continually need to examine what they are doing.

Research is an academic activity and as such the term should be used in a technical sense. According to Clifford Woody research comprises defining and redefining problems, formulating hypothesis or suggested solutions; collecting, organising and evaluating data; making deductions and reaching conclusions; and at last carefully testing the conclusions to determine whether they fit the formulating hypothesis. D. Slesinger and M. Stephenson in the Encyclopaedia of Social Sciences define research as "the manipulation of things, concepts or symbols for the purpose of generalising to extend, correct or verify knowledge, whether that knowledge aids in construction of theory or in the practice of an art."³ Research is, thus, an original contribution to the existing stock of knowledge making for its advancement. It is the per suit of truth with

the help of study, observation, comparison and experiment. In short, the search for knowledge through objective and systematic method offending solution to a problem is research.

Purpose of workshop:

Today's Global Economy calls for Multifaceted Researcher who must have more holistic view of their operations and able to spot out emerging opportunities. Thereby they will be capable of navigating into all Economic Environment. The purpose of the Workshop is to provide an opportunity for the individual with rich research aptitude and interests which in turn will promote the development of doctoral research in academic institution. It will be a forum for sharing research work and will provide a platform for new initiatives and partnerships. It will also provide an opportunity to the participants to interact with experts from Educational institution, Industry and research organization to get a direction for their research work or aspirations.

Objectives:

1. To develop among participants a comprehensive understanding towards application of scientific research methodology.
2. To provide an overview of the concepts and theories of research methodology used in scientific research.
3. To develop scientific understanding among the participants about different tools and techniques of research linking it with their on-going research.
4. The main objective of the workshop is to develop the skills among the participants to use SPSS in research.
5. In the workshop we aim to give hands on training to the participants about use of statistical techniques in data analysis using SPSS in the field of Education.
6. To make Research Scholars aware, regarding thesis writing and research papers writing.

Participants:

"Programme will be beneficial to academicians; research guides, Teacher Educator, researchers, Ph.D, and M.Phil scholars

(Only 50 participants will be drawn for programme on the basis of first come first).

Programme Schedule:

Workshop will start from 23th June to 30th June 2015

Every day 11 am To 5 pm

Registration Fees:

Rs. 1000/ (For All Participants)

DD in favour of Registrar, Jiwaji University, payable at Gwalior (from any nationalized bank)

Hospitality:

All outside participants will be accommodated in the University guest house.

• The IASE will provide travelling allowance on shortest route of second class sleeper to outside participants. And course materials with kit for all participants.

Important Dates:

The Start Date for receipt of the application: 8th June 2015

The selected candidate would be intimated by E-mail: or Phone by 21th June 2015

Last Date for Registration (with the demand draft): 20th June 2015
