INSTITUTE OF DISTANCE EDUCATION

Date: 26.7.18

Notification

In the last notification the last date for uploading the practical marks was 22.7.18 and submission of hard copy in the university was 25.7.18.

Due to some technical problems on the website the marks of some students could not be uploaded in time. Some study centers have requested to extend the date to upload the marks at the web site.

It is therefore decided to extend this date up to **30.7.18** for uploading the marks and **03.8.18** for the submission in the university.
