

***ONE-DAY WORKSHOP ON
VOCATIONALISATION
OF
HIGHER EDUCATION :
A WAY FORWARD
17TH OCTOBER 2018***

ORGANIZED BY

**DIRECTOR COLLEGE DEVELOPMENT COUNCIL (D.C.D.C.)
JIWAJI UNIVERSITY, GWALIOR**

ABOUT JIWAJI UNIVERSITY

Jiwaji University is a NAAC accredited 'A' grade University. This University occupies central position in this great educational hub. It was established as a teaching and affiliating University on 23rd May 1964. Dr. Sarwapalli Radhakrishnan, the then President of India, laid the foundation stone of the University campus on 11th December, 1964. Right from its inspection, Jiwaji University started with a status of a residential and an affiliating University. The territorial jurisdiction of the affiliation extends to six districts of Gwalior and Chambal Division, viz., Gwalior, Morena, Bhind, Guna, Shivpuri and Datia. In the beginning, the University had a total of 29 affiliated colleges, which have steadily increased to more than 400+ colleges.

Themes and Objectives of the Workshop.

Role And Dimension Of Higher Education

Higher education occupies an important place in the educational process of a country. In independent India higher education is considered as the important tool for national development. Education is the process of the perfection of the mankind. Education is for the comprehension of life, enlightenment of the people. Higher education is the main instrument for development and change. It has the important task of preparing leaders in different walks of life-social, intellectual, political, cultural, scientific and technological, etc. The intellectual dynamism, resourceful and economic prosperity of a country are reflected in the quality of higher education.

The Radhakrishnan Commission (1948-49) observed: "Welfare and betterment of humanity is the ultimate goal of higher education".

Vocational education at the first degree level promises to be an effective remedy in as much as it would impart that type of education to our graduate as would render them more employable than they would otherwise be. Thus viewed, the UGC's scheme becomes quite laudable. The colleges now should understand the importance of Vocationalization of higher education and the college Principals can play pivotal role in this regard.

Skills are a key driver of market success. High level skill empower individuals to be active and productive member of the society besides being a pre-requisite for employment and higher wages. Skills need to keep up with rapid technological progress and gaps between skills provided by education and current needs have to be filled up.

The workshop intends to provide a forum to share their views on a skill oriented education which is the recent initiative of Ministry of Human Resource Development, Govt. of India. The curriculum of B.Voc course which is a suitable mix of skill development component and general education would enable a graduate completing the course make a meaningful participation in accelerating India's economy by giving appropriate employment and becoming entrepreneurs .

The main objectives of the workshop are the following:-

1. To identify the strengths and weaknesses of the Vocationalization of Higher Education
2. To discuss the strategies to overcome the weakness of skill oriented courses in various areas .
3. To examine the need for skill up-gradation in the wake of Technological progress in different vocational areas

4. To invite suggestions on moulding of curriculum content in accordance with the current needs of vocational education. In M.P.
5. To explore the possibility of introducing new skill oriented courses in accordance with the needs of the state of M.P.
6. To design syllabus for various vocational courses.

University invites participants from, Colleges and Universities willing to start B.Voc. Schemes/wish to run B.Voc.courses to share their views on the vocationalisation of Higher Education.
