

# SCHOOL OF STUDIES IN BIOCHEMISTRY

## Courses Offered

- M.Sc. Biochemistry
- B.Sc. (H) Biochemistry
- Ph.D.

## Profile of the Department:

The School of Studies in Biochemistry came into existence in 1986 and offers Postgraduate and Doctoral Programs in Biochemistry. The proposed thrust areas for research in the School include Molecular Biology/ Biochemical toxicology/ Genetic Engineering/ Reproductive Immunology/ Immunodiagnostics/ Pesticide Biochemistry/ Tissue Culture/ Environmental Biotechnology/ Clinical Endocrinology and Tropical Diseases. The School attracted research grants to the tune of more than Rs Two Crore from the national and international funding agencies.

The School is actively involved in collaborative research programs with sister Schools of the campus and other institutions of the city such as Defense Research and Development Establishment and with other institutes such as Delhi University/ Jawaharlal Nehru University/ Banaras Hindu University/ Industrial Toxicology Research Centre/ JALMA Institute of Leprosy and Other Mycobacterial Diseases/ Pt Ravi Shankar Shukla University and Mahatma Gandhi Institute of Medical Sciences etc. The School has developed MOU with various national laboratories for training to the students of the school. The School envisioned developing into a nucleus of advanced research in the years to come and all efforts are set in motion in that direction. The School is recognized by Department of Science and Technology, Ministry of Science and Technology for financial support under FIST Program.
