

# SCHOOL OF STUDIES IN JYOTIRVIGYAN

## JIWAJI UNIVERSITY, GWALIOR

### Jyotish Department Profile

The Department of Jyotish is dedicated to the preservation, promotion, and advancement of the ancient Indian wisdom of Jyotish Shastra, which combines the disciplines of astronomy, astrology, mathematics, calendar science, and spiritual philosophy. The department aims to provide scientific, traditional, and research-oriented education in the fields of Hora, Samhita, and Siddhanta, while integrating classical knowledge with contemporary academic methodologies.

The department offers comprehensive academic and research programs designed to develop analytical, interpretative, and practical expertise in Vedic Astrology, Panchang preparation, Muhurta, Vaastu, Numerology, and Astronomical Calculations. Emphasis is laid upon scriptural authenticity, ethical practice, and interdisciplinary research for societal welfare.

The department strives to cultivate scholars, researchers, and practitioners who possess profound theoretical knowledge along with practical application skills in Jyotish sciences. Regular seminars, workshops, conferences, horoscope analysis sessions, Panchang preparation activities, and research projects are organized to enrich academic exposure and preserve India's traditional intellectual heritage.

#### Vision

To emerge as a center of excellence in Jyotish education, research, and traditional knowledge systems through scientific inquiry, ethical practice, and global dissemination of Vedic wisdom.

#### Mission

To preserve and propagate the authentic traditions of Jyotish Shastra.

To impart quality education combining classical and modern approaches.

To encourage interdisciplinary research in astrology, astronomy, and allied sciences.

To develop skilled professionals capable of serving society through ethical astrological guidance.

To promote cultural and spiritual values rooted in Indian knowledge traditions.
