

# School of Studies in Pharmaceutical Sciences

Jiwaji University, Gwalior (M.P.)

---

## Department Profile

The School of Studies in Pharmaceutical Sciences, Jiwaji University, Gwalior, was established in 1997 with the aim of produce qualified professionals aimed with skills to execute both industrial and clinical operations of global pharmaceutical relevance. The School fulfills all the prerequisites for knowledge creation in vital pharmaceutical disciplines, effectively training students in pharmaceutical manufacturing processes while fostering an aptitude for internationally recognized pharmacy practices.

As a renowned and premier teaching department in Madhya Pradesh, the institute offers a four-year Bachelor of Pharmacy (B.Pharm.) degree program with an intake of 100 students, a two-year Diploma in Pharmacy (D.Pharm.) program with an intake of 60 students, and a two-year Master of Pharmacy (M.Pharm.) postgraduate program in two specializations—Pharmaceutics (10 seats) and Pharmacology (06 seats). Accommodating nearly 550 students along with a dedicated research center, the curriculum strictly complies with Pharmacy Council of India (PCI) norms and follows the Choice Based Credit System (CBCS) pattern. The B.Pharm. program is completed over eight semesters, D.Pharm. is conducted as a two-year annual program, and M.Pharm. spans four semesters.

Having established a strong niche in academic excellence and scientific research, the department aims to empower students with robust intellectual foundations and requisite pharmaceutical expertise for successful professional careers.

## Infrastructural Facilities

The Institute features an independent building equipped with state-of-the-art facilities:

- Pharmacology Laboratory
- Pharmacognosy and Microbiology Laboratory
- Pharmaceutics Laboratory
- Pharmaceutical Chemistry Laboratory
- Clinical Pathology Laboratory
- Machine Room
- Instrumentation Room with Sophisticated Analytical Instruments
- Well-Established Departmental Library
- Well-Equipped Modern Auditorium and Smart Classrooms
- Computer lab
- Biochemistry /Microbiology lab
- Wi-fi, internet facility for teachers and students

The building has been expanded and is equipped with all new modalities of learning and houses a well developed auditorium and smart classrooms.

## Aim and Vision

**AIM:** The aim of the School of studies in Pharmaceutical Sciences, Jiwaji University, Gwalior is to provide quality education in the field of Pharmaceutical Sciences. Demand for well-qualified Pharmacy manpower is increasing day by day with the proliferation of many new companies and a greater demand for competent candidates in the Pharmaceutical sector is generated. Job opportunities for Pharmacy professionals have increased in India and abroad. Keeping this in view, The School of studies in Pharmaceutical Sciences, Jiwaji University, Gwalior was established in Jiwaji University, Gwalior. We are also proud to say that today Jiwaji University has been accredited NAAC A++ grade a unique achievement in all over M.P.

**VISION:** The vision of The School of studies in Pharmaceutical Sciences, Jiwaji University, Gwalior is to evolve skills and craftsmanship to meet high degree of knowledge, excellence as per the Indian Pharmaceutical Market, while today stands third in Global scenario as per production of Pharmaceuticals. The infrastructure developed is able to inculcate synergy to blend Technologies with Human Intelligence. The vision is no less than the sky and the limits are to touch the Hearts of students because they will be the assets to society in times to come. We look forward to make The School of studies in Pharmaceutical Sciences, Jiwaji University, Gwalior a center of excellence and preferred destination for development and dissemination of pharmaceutical knowledge in the state of Madhya Pradesh and to impart value based education to foster in the minds of students, the ability to apply what they learn, belief in lifelong learning and dedicate themselves to work for the common goal of welfare to humanity
